Bold blue & italic - Assessment to be taken in Hall (some pupils to leave their usual lesson).

Black - Assessment to be taken in a usual lesson.

This may mean you take your Biology, Chemistry or Physics assessment during a lesson for a different science strand.

Also, you may have to miss a PE or Core RS lesson to take your English assessments. Further details to follow on these.

We have adjusted timings slightly, and will be instigating a 'green room' system before each assessment. Pupils who wish to use this facility should go to the Gym at the allotted time for a staffed, quiet space immediately preceding each assessment. Starred 'green room' sessions are where the whole year group will be taking an assessment immediately afterwards. Pupils may use either their form room (staffed if this is a registration) or Gym (always staffed) at these times.

All assessments to be a maximum of 1 hour.

Any pupils entitled to extra time or other access arrangements will take their assessments in the Hall, organised by Mrs Barker.
